## SECTION 4: FIRST AID MEASURES

### 4.1 Description of First Aid Measures

<b>Eye contact:</b>	Do not rub your eyes. Dust particles may cause abrasive eye injury. Flush eyes with water, holding the eyelids apart for several minutes. Get medical attention if irritation persists.
<b>Skin contact:</b>	Do not rub or scratch. Rinse exposed skin with cold water then wash skin with soap and water. Do not use hot water as that opens skin pores and may increase fiber penetration and irritation. Remove contaminated clothing and launder before re-use. Get medical attention if irritation persists.
<b>Inhalation:</b>	Remove victim to fresh air. Drink water to clear throat and blow nose to remove dust. Get medical attention if irritation persists.
<b>Ingestion:</b>	If small quantities are swallowed, rinse out mouth with water. Drink plenty of water to help reduce irritation. If large amounts are swallowed or if irritation or discomfort occurs, get medical attention.
<b>4.2 Most Important symptoms and effects, both acute and delayed:</b>	If processing generates dust, the following effects may be experienced. May cause eye irritation., Fibers may penetrate the skin and cause mechanical irritation. Inhalation may cause mild respiratory irritation.

**4.3 Indication of any immediate medical attention and special treatment needed:** Immediate treatment is not normally required.

See Section 11 for more detailed information on health effects.

## SECTION 5: FIREFIGHTING MEASURES

<b>5.1 Extinguishing Media:</b>	Use water, water fog, carbon dioxide, foam or dry chemical.
<b>5.2 Special Hazards Arising from the Substance or Mixture:</b>	This product is not classified as flammable or combustible. The organic binder may burn-off at high temperatures, however, this material will not support combustion. Combustion products may be irritating and toxic.
<b>5.3 Advice for Fire-Fighters:</b>	Firefighters should wear full emergency equipment and NIOSH approved positive pressure self-contained breathing apparatus for all fires involving chemical products.

## SECTION 6: ACCIDENTAL RELEASE MEASURES

<b>6.1 Personal Precautions, Protective Equipment and Emergency Procedures:</b>	Wear appropriate protective clothing and equipment (see section 8). Avoid contact with skin, eyes or clothing. Do not breathe dust.
<b>6.2 Environmental Precautions:</b>	Avoid release to the environment.
<b>6.3 Methods and Material for Containment and Cleaning Up:</b>	Pick up material and place into a container for disposal.
<b>6.4 Reference to Other Sections:</b>	Refer to Section 8 for personal protective equipment and Section 13 for disposal information.

### 8.2 Exposure Controls:

#### -Engineering Measures:

Use with adequate general or local exhaust ventilation to minimize exposures.

#### - Respiratory Protection:

If the occupational exposure limits are exceeded or irritation is experienced, wear an approved particulate respirator. Selection of respiratory protection depends on the contaminant type, form and concentration. Select and use in accordance with all applicable regulations (in the US follow OSHA 1910.134) and good Industrial Hygiene practice.

#### - Hand Protection:

Wear protective gloves if needed to minimize skin contact. Barrier creams may be useful, if needed, to reduce irritation.

#### - Eye/face Protection:

Wear safety glasses with side shields or dust proof goggles for dusty conditions.

#### - Other Protective Clothing or Equipment:

Clothing with long sleeves and pants should be worn if needed to avoid skin contact. Washing facilities should be available in the work area.
