SECTION 4: FIRST AID MEASURES

4.1 Description of First Aid Measures

Eye contact:	Do not rub your eyes. Dust particles may cause abrasive eye injury. Flush eyes with water, holding the eyelids apart for several minutes. Get medical attention if irritation persists.
Skin contact:	Do not rub or scratch. Rinse exposed skin with cold water then wash skin with soap and water. Remove contaminated clothing and launder before re-use. Get medical attention if irritation persists.
Inhalation:	Remove victim to fresh air. Drink water to clear throat and blow nose to remove dust. Get medical attention if irritation persists.
Ingestion:	If small quantities are swallowed, rinse out mouth with water. Drink plenty of water to help reduce irritation. If large amounts are swallowed or if irritation or discomfort occurs, get medical attention.

4.2 Most Important symptoms and effects, both acute and delayed:

If processing generates dust, the following effects may be experienced. May cause eye irritation., Fibers may penetrate the skin and cause mechanical irritation. Inhalation may cause mild respiratory irritation.

4.3 Indication of any immediate medical attention and special treatment needed:

Immediate treatment is not normally required.

See Section 11 for more detailed information on health effects.
